Submitted herewith is the report of the examination and audit of the Town of Milton for the fiscal year ended December 31, 1970, which was made by this Division in accordance with your request. Section II – Emma P. Ramsey, Tax Collector
Period January 1, 1971 to April 28, 1971

One of the enclosed audit reports must be given the Town Clerk to be retained as part of the permanent records.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Milton Mills Library and Trustees of Trust Funds.

TREASURER

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as were considered necessary in the circumstances.

Verification of uncollected and unredeemed taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. Consequently, the amounts of uncollected and unredeemed taxes as indicated in this report are subject to any changes which may be necessitated by the return of verification notices.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) of the Town decreased by \$11,389.00 during the fiscal year, from \$11,880.02 to \$491.02 as shown herewith:

	December 31, 1969	December 31, 1970
<u>Total Assets</u>	<u>\$164,202.32</u>	<u>\$218,594.31</u>
<u>Current Liabilities</u>	<u>152,322.30</u>	<u>218,103.29</u>
<u>Current Surplus</u>	<u>11,880.02</u>	<u>491.02</u>

Tax Collector:

It was noted during the course of the examination, that the tax collector did not remit tax collections as prescribed by the provisions of R.S.A. 41:35. This statute specifically requires that the tax collector "shall on or before the tenth day of the following month pay over to the Town Treasurer all money collected in the preceding month and make final payment to the Town Treasurer of all money collected on or before December 31, or as soon as possible after that date."

Timely remittances by the Tax Collector to the Treasurer would reduce the amount of borrowings made by tax anticipation notes in order to meet current operating expenses, and hence would effect savings to the town in the form of reduced interest charges on these loans. Also, failure to remit collections to the Treasurer each and every month in accordance with the law quoted above subjects the Tax Collector to the possibility of removal from office under the provisions of R.S.A. 41:40.

This Division recommends that all tax receipts be remitted to the Treasurer on a weekly basis. The adoption of this recommendation would considerably lessen the exposure of tax funds to loss from such hazards as burglary, theft or fire.

The collector should be provided with an adequate change fund. This would permit the remitting of collections intact to the Treasurer. Additionally, it is recommended that the Town provide the collector with a safe or other suitable equipment for the purpose of safeguarding unremitted cash, uncollected tax warrants, records of unredeemed taxes, cash journals and other tax records in the custody of this official.

It has been the practice of the Tax Collector to credit collections received during the fifteen days subsequent to the end of the fiscal year as current year payments, rather than those of the ensuing year. This practice should be discontinued as it violates both state and federal statutes governing tax payments.

Trust Funds:

The audit of the records of the Trustees of Trust Funds disclosed that individual trust funds, which have contributory interest in common trust funds, have not been credited with their respective share of gains derived from investments of such common trust funds.

R.S.A. 31:27 stipulates that the participating contributory interests of such trust funds shall be properly evidenced by appropriate bookkeeping entries showing on an annual basis the capital contributions of, and the profits and income allocable to each trust.

It is recommended that the Trustees of Trust Funds make the necessary bookkeeping entries required to show

the condition of each individual trust fund, as prescribed by the laws governing the administration and accounting of common trust funds.

Conclusion:

The provisions of Chapter 184 of the Laws of 1955 require that the auditors' summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Milton for their assistance during the course of the audit.

Very truly yours,

REPORT of the FOREST FIRE WARDEN and DISTRICT CHIEF

LEST WE FORGET – IT CAN HAPPEN HERE

Disastrous forest and brush fires that destroy hundreds of homes are more prevalent on the west coast with their dry seasons and strong dry hot winds but 25 years ago this fall is the anniversary of a disaster that devastated large areas of northern New England leaving villages in ashes with rows of cellar-holes and chimneys in a number of summer vacation home locations. Many lives were lost on that destructive day of October 23, 1947, nothing could stop the wind driven flames.

It is true that such conditions are unusual for New Hampshire but they happened once, they can happen again. The fuel for fires is all around us. All it takes is a fire-brand. Only by cultivating a habit of carefulness with fire at all times can we meet the challenge of protection when dry conditions prevail. Please let these reminders be your guide:

1. Never, either when walking, riding or driving, discard a firebrand – a lighted match or a glowing cigarette.
2. Always obtain a permit for any outside burning. The burning of household rubbish is not permitted if your town has rubbish collection. Burning of grass or garden litter can be dangerous. See your warden first.
3. If you camp or picnic, be sure open fires are allowed and if they are, put them dead out when leaving.
4. Most important – Instruct your children in the danger of the lighted match. A lighted match and dry grass or forest litter is a dangerous combination which leads to destructive loss and can lead to tragedy.

The past year – 1971 was a favorable year for the control of fires. There were too many fire starts in some towns. We thank those who remembered and ask others to heed Smokey's message.

Number of fires reported and acres burned – 1971 season:

STATE	463 fires	160 acres
DISTRICT	37 fires	27 acres
TOWN	3 fires	2½ acres

Other staff changes in the Milton Schools include the naming of Mrs. Jane Boggs as head teacher at Milton Grammar School; Mrs. Martha Plummer as head teacher at Milton Mills School; and Mr. Irving Johnson as assistant principal at Nute. It is felt that the District was fortunate in obtaining qualified replacements for teachers who had left the system after, in some instances, many years of faithful and devoted service. In general, it appears that teacher availability is improving, especially in areas other than early childhood education and the pure sciences.

Two laws were passed by the 1971 session of the General Court of New Hampshire which have important implications for the local school district. These acts dealt specifically with health and with the education of handicapped children. The law pertaining to health makes it mandatory, among other things, for children entering the public schools to pass a medical examination, and also requires that all persons coming into contact with the pupils pass a physical examination periodically. The School Board is currently developing a policy relating to these matters and it will be published when the work is complete. The law relating to handicapped children now classifies the intellectually handicapped and emotionally handicapped child with the physically handicapped child making the education of these children mandatory. The school district can do this by establishing special classes for the handicapped, by tutoring, (in some circumstances), and by tuitioning to other schools. As can be readily seen, both of these statutes impose additional financial burdens upon the local school district.

Even though the School Board is making every effort within its power to prevent the increase in school costs, there are a number of forces at work over which the Board has no control. Included in these pressures are continued inflation, the decrease in state financial support of local efforts, and the increasing number of children who become eligible for the services provided by schools. It should be noted that Milton lost approximately the following state support that it had received in 1970-71: about half of its School Building Aid; all of its Foundation Aid; and a portion of the state support of the teachers retirement system. Even the state and federal court cases which indicate that there is no equality of educational opportunity where support is based upon the property tax do not have an alternative to offer. These cases only seem to indicate that the state should follow the example of "Robin Hood" by collecting real estate taxes from the "rich" districts and giving a share to the "poor" districts.

Milton School District, as do others, has many problems which it must attempt to solve in the next few years. Included in these problems are the following: the ever increasing need for space; the need for additional staff to provide services to the children; and the need to meet the minimum standards for elementary schools. These have been reported upon in the past, and it would seem redundant to continue to report the same problem year after year without holding out some hope of solution. Perhaps the most important deterrent to their solution is the need for financing. If there is no revenue to be obtained, how can one do more? This seems a fair question. Perhaps local voters should be urged to support those candidates who promise some hope of adding to local financial efforts from sources other than the tax on real estate. That source of revenue is carrying nearly all it should at present.

The undersigned would like to refer you to other reports printed in your school district report. Many of the same ideas are discussed in them, and also some tentative solutions are proposed.

In closing, the undersigned would like to express their appreciation of the support and cooperation they have received from the Milton School Board, citizens, pupils and teachers. It is hoped that we can continue to work together successfully in finding solutions to the problems facing all of us.

Respectfully submitted,

CHARLES H. MORGAN

PRINCIPAL'S REPORT

The McLaughlin family would like to thank all of our new friends and neighbors for their warmth and interest. The townspeople of Milton have certainly made us feel most welcome.

Whenever a new administrator comes into a system, there is always a period of adjustment for the town, the staff and the students. All have been more than cooperative. Milton is fortunate in that we have fine teachers and parents who are really interested in their children.

Your public schools will be run with a firmness which it is hoped you appreciate. Your principal believes strongly in law and order which transferred to school language means firm and fair discipline. Those students who are not able to abide by the reasonable rules of the school will not be ignored. Their problems will be acted upon and every attempt will be made to involve the home. We hope to run our schools in a manner that is restrictive without being repressive.

In the preparation of future budgets every attempt will be made to spend our money wisely; to seek out our areas of shortcomings and to solve our problems in our areas of weakness while attempting to maintain our strengths.

Efforts will be made to up-grade our schools so that they all meet the new state minimums which go into effect on September 1, 1972. It will take time and careful planning to meet these regulations. We should also remember that these standards have been set up with the welfare of our children as their main thrust.

There are five new teachers at the Nute School this year. Miss Patricia Daigle (Home Economics) Mrs. Eva Brown (Business), Miss Patricia Libby (Remedial English), Mr. Steven Blaisdell (Science), and Mr. Stuart Mozeleski (Physical Education, Science, Math) are all doing a fine job. At Milton Elementary, Mrs. Marye Jane Callahan has returned and is teaching grade three, Miss Barbara Yard is teaching grade five and Mrs. Donna Kerwin is working with the Special Education Class.

We have been very fortunate to add physical education to our program at the high school. About 189 students re-

ceive the benefits of this program. Remedial English, a special help program for those of high school age with problems in the reading and writing areas, has just been added. Miss Patricia Libby will give special help to over twenty—five students through this program.

Our students have done a fine job with their efforts to keep you informed about school activities through their newspaper articles. We hope you follow these regularly.

Mr. Carl Tomes has greatly expanded the guidance program in the elementary school.

A constant maintainance program is underway at all schools. This is being accomplished by Mr. Ken Ringer, our maintainance man. Many things need to be repaired.

As principal it is my duty to inform you that the Milton Schools are very crowded and that in order to provide a sound education for our children we must come up with a building program very soon. Those of us who are working with your children see this need as our greatest concern for the immediate future. I would like to extend an invitation to all citizens to come in to your schools more often in order that you may better understand what we are doing and to see for yourself how crowded we are. It may be necessary by next fall to rent outside space for two classes from the elementary school.

Our teachers and students will put forth every effort to carry out a sound program no matter what the problems may be. Our town is growing rapidly and we look forward to a very busy, exciting and rewarding next few years.
